Receipt of the application is considered the date the application is received by any agency or department of the state of Michigan. If the application is considered incomplete by the department, the department shall notify the applicant in writing, or make the information electronically available, within 30 days after receipt of the incomplete application, describing the deficiency and requesting the additional information. The period regarding license issuance and renewal is tolled upon notification by the department of a deficiency until the date the requested information is received by the department. The determination of the completeness of an application does not operate as an approval of the application for the license and does not confer eligibility upon an applicant determined otherwise ineligible for issuance of a license.

(2) If the department fails to issue or deny a license within the time required by this section to an establishment that is otherwise ready to operate and is prevented from operating, the department shall return the license fee and shall reduce the license fee for the applicant's next renewal application, if any, by 15%. The failure to issue a license within the time required under this section does not allow the department to otherwise delay the processing of the application, and that application, upon completion, shall be placed in sequence with other completed applications received at that same time. The department shall not discriminate against an applicant in the processing of the application based upon the fact that the license fee was refunded or discounted under this subsection.

(3) Beginning October 1, 2005, the director of the department shall submit a report by December 1 of each

year to the standing committees and appropriations subcommittees of the senate and house of representatives concerned with agricultural and food issues. The director shall include all of the following information in the report concerning the preceding fiscal year:

(b) The number of applications denied.

(c) The number of applicants not issued a license within the appropriate time period and the amount of money returned to licensees and registrants under subsection (2).

(4) As used in this section, "completed application" means an application complete on its face and submitted with any applicable licensing fees as well as any other information, records, approval, security, or similar item required by law or rule from a local unit of government, a federal agency, or a private entity but not from another department or agency of the state of Michigan. In the case of an initial application, completed application includes the completion of construction or renovation of any facility and the passing of a satisfactory evaluation.

The money in the fund shall be used to provide statewide training and education to consumers on food safety.
